# STATE COMMITTEE MEETS TO-MORROW

Body of Prominent Democrats Take Up Important Matters. Convention City.

Convention City.

The State Central Democratic Committee, consisting of fifty well known men, representing the ten congressional districts of the State, will meet at Murphy's Hotel to-morrow at noon, and will probably sit much of that day, and Saturday. The committee consists of five members from each congressional district, and is presided over by State Chairman Ellyson. Mr. Joseph Button, a member of the committee, is its secretary.

The chief interest in the assembling of the committee is due to the fact that it will select the time and place of the State convention, which is to choose electors, delegates to the national convention and reorganize the party for the next four years. Richmond is making a strong effort to get the convention, and there is great reason to hope that this city will be chosen. The convention will probably be a large one, consisting of 1,200 or more delegates. It is likely to be held early in June.

The other object of the meeting of the committee is to receive the report of the subcommittee which took testimony in the Norfolk city primary cuntest. The record in this case is a voluminous one, and will probably not be considered in detail.

One member of the committee, Hon.

W. P. Barksdale, of Halifax, was in

detail.

They will be met at every turn by the advocates of Richmond as the seat of the convention.
